

HQ Little Buddy™ Kit

U.S. Patent Pending

Compatible with the HQ Little Foot™ Frame

HQ Little Foot Frame with Little Buddy Kit
(shown with hand wheel installed on left side of frame)

Add big frame convenience to the HQ Little Foot Frame with the HQ Little Buddy Kit.

Perfect for small spaces, the Little Buddy integrates seamlessly with the Little Foot Frame so you can roll and advance your small quilts with ease. Even after installing the Little Buddy Kit, you can still access the original hooping frame for large projects, so you get the best of both worlds.

Little Buddy Features

- Perfect for quilting small projects up to 48 inches in width (**NOTE:** Wider projects can be hooped on the original Little Foot Frame)
- Used together, the HQ Little Foot Frame with the HQ Little Buddy Kit can accommodate quilts of any size within a 5-foot wide footprint
- With the Little Foot Frame, create a four-pole system for a level quilting space and perfect stitches for smaller projects
- Poles are the same size as the original Little Foot hoop, so you can use your original Easy-Grasp and Super Clamps
- Snap-in poles with smooth-rolling bearing and ratchets make advancing the quilt a simple task
- Choose left- or right-side hand wheel installation
- Zinc-plated hardware resists corrosion

Use lower pole to keep backing fabric tensioned and ready for quilting

Kit Includes:

- Two snap-in poles with hand wheel, ratchets, and bearings
- Installation brackets and hardware
- Two 4 ½-foot long leaders with Velcro™ attachments
- Fabric Leaders

OPTIONAL ACCESSORIES

- HQ Velcro Side Clamps
- Casters
